

Proposed Revised Draft Amendment No. 9
to
AIS 037: Procedure for Type Approval and Establishing Conformity of Production
for Safety Critical Components

1. Page 6/15, Clause 9.7

Substitute following text for existing text

“9.7 Marking on Door Locks, Door retention components, Wiper blades High Security Registration Plate (HSRP)

Door locks, Door retention components and Wiper blades are exempted from marking requirements of this standard.”

Laser branded permanent consecutive identification number system shall be followed for HSRP as per CMV Rule 50

2. Page No. 15/15, Annex B

Add following after Sr. No. 25:

Sl. No	Component	Applicable Standard	COP Tests	COP Frequency
26	High Security Registration Plate (HSRP)	CMVR 50 and 51	1. Dimensional and other security feature verification as per CMVR Rule 50 and 51 2. As per DIN 1745/ DIN 1783 or ISO: 7591.	15 lakh HSRPs or two years, whichever is earlier except durability test. Two years for durability test.

Note 1: The provisions of this standard will apply for each component listed under serial 22, 23, 24, 25 and 26 above, after issuance of corresponding notifications by MoRTH and implementation date mentioned therein.”
